Set-up

Remove Umbrella frame and poles from carry bag 1

Place bottom pole into base *base not included with umbrella 2

Line up top pole with bottom pole 3

Press push-button on top pole 4

Line up top pole with bottom so that push-button locks poles together 5

With poles secured, Umbrella canopy is ready to be opened 6

Use hand crank to extend canopy (reverse motion to disassemble) 7

Continue opening frame 8

Insert pin into top hole of pole once umbrella is fully opened 9

Pin should go through both top holes of pole to secure open canopy 10

Unit is complete 11
