OVERVIEW

- 1. Premium Dye-Sublimated Printing: We use cutting-edge dye- sublimation technology to transfer your images directly onto high- quality 1.15mm thick aluminum panels. This process ensures vibrant colors, sharp details, and exceptional image clarity that will last for generations.
- 2. Customization Options: With our service, you have complete control over the design. Whether it's a precious family photo, a breathtaking landscape, or a digital artwork, we can bring your vision to life on aluminum. Our expert team will work closely with you to ensure your prints are personalized to perfection.
- 3. Durable and Long-lasting: Aluminum is a robust material that resists fading, scratches, and moisture, making it perfect for preserving your memories over time. You can rest assured that your prints will remain stunning, maintaining their brilliance for years to come.
- 4. Modern Shadow Wall Mounts: Our aluminum prints come with innovative shadow wall mounts that create a striking 3D effect, adding depth and dimension to your display. The mounts are easy to install and ensure that your prints appear to float elegantly on the wall, adding an extra touch of style to any space.
- 5. Versatile Decor: Whether you're decorating your home, office, or a commercial space, these dye-sublimated aluminum prints with shadow wall mounts can enhance any environment. They work equally well in contemporary or traditional settings, giving your space a touch of sophistication and personalization.
- 6. Thoughtful Gifts: Looking for a thoughtful and unique gift? Our custom aluminum prints are perfect for any occasion – weddings, anniversaries, birthdays, graduations, and more. Capture special moments in an artistic and enduring way, leaving a lasting impression on your loved ones.
- 7. Easy Ordering Process: Our user-friendly online ordering system makes it a breeze to create your custom aluminum prints. Simply choose your preferred size, upload your image, approve your e proofs, and our team will handle the rest. Your prints will be carefully produced and delivered to your doorstep in no time.

SHADOW MOUNTS

- **Shadow Wall Mounts:** Our aluminum prints come with innovative shadow wall mounts that create a striking 3D effect, adding depth and dimension to your display. The mounts are easy to install and ensure that your prints appear to float elegantly on the wall, adding an extra touch of style to any space.
- Our shadow mounts push the print 20mm away from the wall
- Shadow mounts attach with 3M double sided tape and are pre-installed prior to packaging/shipping
- A wall mounting bracket with screws and anchors are included to affix the shadow mount to display
- 12” x 12” Prints include a single plate shadow mount located at the top and 2 rubber bumpers at the bottom of the print
- Prints larger than 12” x 12” have a full aluminum shadow mount frame on the backside

TEMPLATES

- Each template has a red dotted line around the perimeter. This represents the edge of the aluminum sheet. Anything outside of that area may not be visible on the final product
- The templates include a ¼" bleed around the perimeter.
    - No additional bleed or registration marks are required on the print files
- This is a quick proof product
- Proofs will include a version rendered on an environment wall similar to the secondary images on the product page.
